Dear customers,

Unimicron Germany supplies high-quality printed circuit boards that comply with the requirements of the above directives. As a printed circuit board manufacturer, Unimicron Germany is a so-called downstream user at the end of the supply chain within the meaning of REACH. According to the information provided by our suppliers, the substances and materials used in production are free of or below the existing limit values for substances on the SVHC list. We have agreed with our suppliers that they will only supply Unimicron Germany with ROHS and REACH-compliant products.

Our suppliers are also obliged to notify us directly of any changes. In this case, we will inform our customers immediately and without being asked. We believe that this certificate contains all the necessary information and thank you for your trust and cooperation.

If you have any further questions, please do not hesitate to contact us.
